| • CSS Frameworks & Styling | - Tailwind CSS, Material UI, SCSS, GSAP, Bootstrap, Styled Components |
| • Testing Tools            | - Jest, React Testing Library   |
| • Development Tools        | - Visual Studio Code, npm, Postman                                    |
| • Version Control          | - Git, GitHub   |
| • Core Competencies        | - REST API Integration, Responsive Design, Performance Optimization   |

## WORK EXPERIENCE

- |  |                           |
|--|---------------------------|
| <b>Astro Arun Pandit   Jr. Software Developer</b>  | <b>Oct 2024 - Present</b> |
| • Revamped the Astro Arun Pandit web application using React.js and JavaScript, improving overall user experience and increasing frontend performance by 25% (measured through reduced load time and smoother navigation). |                           |
| • Delivered 15+ personalized astrological reports using a Django-based CRM and Jinja template engine, handling backend astrological logic and variable-length content rendering.   |                           |
| • Developed a responsive UI framework with React.js, utilized by over 15 team members for client projects enhanced project delivery speed by 20% and improved overall team collaboration on UI components.                 |                           |
| • Collaborated with 6+ cross-functional members (designers, writers, backend engineers, PMs) to deliver user-centric features within defined timelines, improving team workflow efficiency by 15%.                         |                           |
| • Maintained clean, scalable code, contributing to a 10–15% reduction in frontend bugs during QA cycles through best practices in optimization and architecture.   |                           |

## PROJECTS

- |  |                              |
|--|------------------------------|
| <b>PERSONAL PORTFOLIO WEBSITE   <a href="https://portfolio-website-pi-ten-77.vercel.app/">Link - https://portfolio-website-pi-ten-77.vercel.app/</a></b>                     | <b>June 2024 – July 2024</b> |
| • Designed my portfolio website using HTML, CSS, JavaScript and GSAP library.  |                              |
| • Drew inspiration from award-winning websites, implementing interactive features including smooth scrolling, mouse-tracking effects, image pop-ups and entrance animations. |                              |

- |  |                            |
|--|----------------------------|
| <b>MINDWISE   ONLINE CONSULTATION PLATFORM</b>   | <b>Nov 2024 – Mar 2025</b> |
| • Built a web platform for individuals dealing with anxiety to consult directly with doctors and therapists. Implemented an AI chatbot, personalized surveys, and community support features to analyze the user's mental state. |                            |
| • Added Post Blogs feature for patients to share their improvement journey with the whole community.   |                            |

## EDUCATION

- |   |                  |
|---|------------------|
| <b>Sharda University, Greater Noida</b>             | <b>June 2025</b> |
| Bachelor's degree in Computer Science & Engineering | 7.9 CGPA         |
| <b>JP International school, Sikandrabad</b>         | <b>Aug 2021</b>  |
| Science 12 <sup>th</sup>                            | 89%              |
